Notice to Navigation Interests

Notice No. 08-003

Date: 10 June 2008

Waterway: BURNS SMALL BOAT HARBOR, IN
NOAA CHART #14926

Location: PORTAGE, IN

CELRC-TS-C-T

BURNS SMALL BOAT HARBOR

1. A new set of soundings was obtained on June 5, 2008 after the U.S. Army Corps of Engineers conducted operations to protect the breakwater by moving material from the channel into the scour hole that had formed at the base of the breakwater. This operation was completed successfully and has provided an open channel leading out into Lake Michigan. Please note that all soundings are referenced to LWD 0.0 (577.5' IGLD85). Boaters can call (301) 713-9596 and enter 7044 as the station code to get current Lake Levels at Calumet Harbor based on LWD 0.0. The results of the most recent survey are attached and posted on the web at: <http://www.lrc.usace.army.mil/co-o/Survey.htm>.
2. All inquiries should be addressed to CELRC-TS-C-T and should refer to Notice to Navigation Interests No. 08-003.

Shamel Abou-El-Seoud, P.E.
Chief, Construction Operations Branch
